Yesterday at Norfolk the Coast Line and other railroads sold tickets at the former rate with rebate coupons attached, the same entitling purchasers of tickets to a refund if the Supreme Court sustains the Legislative acts reducing passenger fares; the Seaboard and C. & O. Railroads sold tickets without coupons——The Inter-State Commerce Commission yesterday rendered its opinion in which it holds that it is no discrimination for Southern mills to pay $1.25 per hundred pounds to 85 cents from New England points on shipments of cotton goods to San Francisco——The old banking and brokerage house of McKim & Co., Baltimore, went into the hands of a receiver yesterday, the liabilities being estimated at $150,000 ——United States troops at Fort Pache, Arizona, are held in readiness to go to Fort McDowell, Arrizona, where an Indian outbreak is threatened because Sub Agent W. H. Gill shot and killed a troublesome Indian ——The government has not been able to locate John D. Rockefeller in order to serve a subpoena upon him for attendance as a witness at Chicago, but it is stated at Mr. Rockefeller's home in Cleveland, O., that he will obey the summons when it is served——At Boise, Idaho, yesterday, Morris Friedham, the stenographer of a detective agency, was again a witness for W. D. Haywood charged with the murder of Governor Steunenberg; he declared that the detectives hounded the Federation of Miners and got into their conventions and reported them to the mine owners——New York markets: Money on call firm 7 1-2 to 15 yer cent, ruling rate about 13, closing bid 8, offered at 9; spot cotton steady 13.25; flour firm but quiet; wheat firm, No. 2 red 1.00 elevator; corn firm, No. 2, 63 1-4 elevator; oats steady, mixed 49; turpentine firm 60 to 60 1-2 to 61; rosin firm.

Carrie Nation paid a visit to Salisbury on Saturday. At last accounts Salisbury was still on the map.

Men who get shot to death these times are at a terrible disadvantage in the slim chance they have of being vindicated for getting shot.

An Alabama poet sings "Who has stolen my youth away?" Probably the poet frittered his youth away, but in any event, search Father Time for the lost article.

"How will Taft feel next year if his Presidential boom peters out?" inquires an editor. It will be more interesting to watch the effect when Foraker's Presidential boomerang rebounds on him next year.

The Washington Post is authority for the statement that "a Massachusetts man who eloped with his mother-in-law is reported to be headed for Georgia." As something is always "breaking loose in Georgia," we will be pretty apt to hear what becomes of that Massachusetts man's header.

In a New York paper a few days ago some of the local happenings were under these captions: "Mob Attacks Motorman"; "Lewis Fears Lynching by Mob"; "Police Rescue Florist from Lynchers"; "Shot Mill Manager; Mob Surrounds Jail." While these daily occurrences are featured in the news columns, like as not the editorial page is holding up a few isolated instances in the South as execrable horrors.

The Richmond Times-Dispatch remarks: "The acquittal of Judge Loving is enough to alarm the State. If this trial and verdict establish a precedent in Virginia, hereafter when a woman charges a man with an offense against her honor, and relates it to a male member of the family and so inflames his passion as to cause a 'brainstorm,' such a man will be justified in slaying the person accused. It will matter not whether the woman's story be true or false; whether it be an exaggeration or a pure invention." All so, but it is calculated to lessen the popularity of whiskey drinking during buggy rides.

"The Sun" is a new daily paper which made its appearance at Newbern on Sunday last. It is published by the Newbern Publishing Company, and the new candidate for favor is a handsome, sprightly and promising eight-page paper. Mr. R. M. Phillips is editor, Mr. C. W. Forlaw city editor, and Mr. Owen G. Dunn business manager. Mr. Phillips was formerly editor of the Raleigh Post, and is an experienced and able newspaper man, with the capacity and qualifications for making The Sun one of North Carolina's most excellent dailies. It will be Democratic in politics, and The Star is glad to extend its greetings to the new-comer that restores Brother Philips to the fraternity.

ELLIS IS ALDERMAN

Two Resignations Tendered to The Board at Meeting Last Night.

EXPRESSIONS OF REGRET

Prominent Citizen Who Was Third in Race Will Succeed Mr. I. M. Bear, Who is Away for Some Months. Action Was Unanimous.

At last night's regular monthly meeting of the Board of Aledrmen toward the close of the session, something in the nature of a surprise was sprung when the clerk read resignation as member of board from Mr. I. M. Bear, who was elected one of the representatives from the Third ward in the late election but who has been unable to qualify since that time by reason of ill health, and from Alderman W. H. Yopp, who since Mr. Bear's incapacitation, has been holding over until his successor qualified as is required by law. All members of the regular organized Board were present except Mr. Yopp, Mr. Bolles and Mr. Karr. The resignations were accepted with rising manifestations of regret and after passing on to other business for a few minutes, still later in the session Mr. S. J. Ellis was unanimously elected to fill the vacancy catised by the two resignations, Mr. Yopp having previously held over in Mr. Bear's place.

As is well known Mr. Bear has been in poor health ever since before the election. Since that time he has been in a sanitarium North and in a very cordial letter to the Mayor and Board, he stated that his continued absence made it desirable for him to relieve his mind of the duties that would devolve upon him in an official way upon his return. When the resignation had been read, it was accepted with regret by unanimous vote, several of the members including the Mayor taking occasion to pay a high tribute to him personally and as a man of affairs. It was then ordered upon motion of Mr. French that the clerk address a letter to Mr. Bear conveying the sentiment of the Board as expressed toward him and assuring him of the Board's sincere hope that he will soon be restored fully to health.

The resignation of Alderman W. H. Yopp was likewise accepted with expressions of deep regret the Mayor testifying to Mr. Yopp's signal service to the city and community in the official capacity which he has filled with credit for four years. The clerk was likewise instructed to convey to Mr. Yopp a testimonial of the high regard of his colleagues on the Board.

Mr. Ellis was placed in nomination by Mr. Northrop, the other member from the Third ward. Mr. Northrop referred to the very heavy vote polled by Mr. Ellis in the late election and testified as to his worth as a business man. His selection was unanimous and Mr. Ellis will qualify and take his seat as a member of the Board at the next meeting.

MR. A. B. NICHOLS DEAD.

Prominent South Carolinian Well Known in Wilmington.

A private telegram yesterday morning to Mr. William Gilchrist conveyed to friends in this city the sorrowful news that Mr. A. B. Nichols, of Nichols, S. C., had just passed away at his home in the Palmetto State. Mr. Nichols was easily the first citizen of his town and community and was universally esteemed. He had large business interests in Wilmington and was well and favorably known here, being a member of the Board of directors of the Murchison National Bank and having other business conections locally. He was a man of greatest geniality, open-hearted, true to his friends and a companionable man. His taking away at the comparatively early age of 57, in the flower of his manhood, is a source of great regret wherever he was known. Mr. Nichols is survived by his wife and four or five children, the oldest being a son about 17 years of age. The bereaved ones have the sympathy of many friends in the loss they have sustained. The funeral of Mr. Nichols will be conducted this morning at 10 o'clock and the interment will be at Nichols, S. C.

CHARGE HOUSEBURNING

Middle-Aged Negress Arrested Last Night at Instance of Deputy State Fire Insurance Commissioner. Early Morning Blaze.

Mary McDaniel, a middle-aged colored woman living on Front, between Orange and Ann streets, was arrested last night by Jailer E. S. Capps at the instance of Deputy Insurance Commissioner W. A. Scott, of Greensboro, who has been in the city several days at work on the case. The woman is charged with having applied the torch that resulted in the total destruction of 13 dwellings and a colored church in the block bounded by Front, Second, Dawson and Wright streets, on the morning of Sunday, May 5th. It will be recalled that suspicion strongly pointed to the woman at first from the fact that she had made threats the day before against Mary Jacobs, a colored woman, in whose house the fire started, that she "would send her to hell" the next night. The evidence, however, was not in shape for action until Mr. Scott came down and worked on the case for some time. A warrant was secured from Justice Furlong yesterday afternoon and late last night the paper was served. The woman was placed in jail in default of $1,000 bond for her appearance for preliminary trial before Justice Furlong this morning at 10 o'clock. Herbert McClammy, Esq., has been retained to represent the State Insurance Department in the prosecution of the woman against whom Mr. Scott is confident he has a very strong case.

VISITORS AT WRIGHTSVILLE.

Many Came on Week-End Trips—Others Coming This Week.

The hotels, cottages and boarding houses at Wrightsville Beach are rapidly filling with guests, a large number of week-end visitors having arrived Saturday and Sunday. As usual Charlotte people are proving the best patrons of the resort, and many of the Queen City's best people are there. Among the number is Col. H. C. Eccles, the veteran hotelist of Charlotte, who is a guest at The Tarry-moore. The drift of Charlotte people Wrightsvilleward is shown in the following social notes from Sunday's Charlotte Observer:

"Mrs. Joseph Russell Ross and Mrs. E. C. Dwelle will leave Wednesday for Wrightsville, where they will spend a week or ten days. —Mrs. E. W. Mellon and family, and Mr. J. R. Craig will leave Tuesday for Wrightsville, to spend some time on the coast. —Mr. and Mrs. A. T. Summey will leave tomorrow for Wrightsville, where they will spend some time.—Mr. and Mrs. Charles F. Wadsworth left yesterday morning for Wrightsville to spend several weeks on the coast. —Mr. and Mrs. J. W. Cannon, Jr., and Mr. and Mrs. J. A. Cannon and Miss Ohla Brown, of Concord, will spend tomorrow in the city on their way to Wrightsville to spend some time."

STILL ON THE WING

President Charles C. Moore Returns Robeson and Bladen Counties.

President Charles Cotton Moore, of the North Carolina Division of the Southern Cotton Association, left yesterday morning on the early Seaboard train for Lumberton where he went to attend a meeting of the township association in the Robeson county seat yesterday. Today he will be in Clarkton to interest the people of Bladen in the bonded warehouse proposition and will reach Wilmington on the late train tonight, spending a day here and returning to Maxton Thursday for the great rally of Robeson and Scotland cotton growers there on the fourth of July. Mr. Moore spent Saturday and Sunday at the beach and in Wilmington, having met with gratifying encouragement in the cotton movement here. The bonded warehouse proposition will be taken up at Wilmington with the committee of business men later. Mr. Moore is full of energy and enthusiasm in the great cause which he represents. His friends are good enough to want to call him to a State office, but Mr. Moore will not allow himself to be drawn away from "cotton" long enough to discuss any possible ambition that he may have in this respect. He is a live wire to the agricultural interest of North Carolina.

IN MONTHLY SESSION

Board of County Commissioners Considered Many Matters at Regular Meeting Yesterday

JURORS FOR JULY COURT

Northeast River Bridge Proposition and Road Improvement Considered—Convicts to Have Holiday Fourth of July—Reports.

The County Commissioners were in regular monthly meeting yesterday afternoon at 3 o'clock; present, Chairman McEachern and Messrs. Alexander, Divine, Vollers and Robertson. A number of persons desiring to list taxes, the books having legally closed July 1st, were sent over to the City Hall, where it was stated the listers would remain a few days longer.

Messrs. W. A. Lineker and J. Herbert Johnson, of Cape Fear township, were present in regard to the road from the Castle Haynes turnpike to Wrightsboro, the matter having been referred to the Board as a committee of the whole at a recent meeting. Mr. Robertson reported for the committee in favor of the road wanted by Messrs. Lineker, M. Schnibben and others. Mr. Moses Horne and Mr. Herbert Johnson favored another route and addressed the Board on their position as to the convenience of the routes. County Attorney Marsden Bellamy was sent for and gave a legal opinion as to the right of condemnation. After a discussion of some length, Messrs. Horne and Johnson were given 30 days to make report upon right of way as to the route proposed by them.

Application of J. F. Mason, manager of Atlantic View Hotel bar, to retail liquor at Wrightsville Sound, being in due farm, was granted.

There was some discussion of the matter of the purchase of a typewriter for the office of the Clerk of the Superior Court. It was finally agreed to exchange the present machine in due from, was granted.

W. H. Williams, of Federal Point township, was present and asked that the county place a foot-log over Cedar run, representing that recently the schoolmistress in that district had to suspend exercises five days on account of being unable to cross the swollen stream dry shod. The chairman submitted some remarks about the gallantry of the neighborhood in such an emergency and Superintendent Hocutt was instructed to provide the material for the footway at once.

The Superintendent of Health reported one quarantine for diphtheria and one for scarlatina during the month. Three cases of remittent fever occurred; 100 patients were treated in the office and 11 were visited at their homes.

Road Superintendent H. Hocutt reported the completion o fthe Gorden road, the grading of the car track to the rock quarry, with work now progressing on the Greenville road. In this connection Capt. Walter G. MacRae submitted maps of the proposed Greenville route and the chairman explained that objection had been made to giving a right-of-way by Chas. Sumlin, a property owner. Arrangements were made to acquire the right-of-way either by purchase or condemnation proceedings. Legal action was taken to this effect. The road cut out and tendered by Mr. T. F. Bagley as a part of this route, was accepted in lieu of the other course recommended previously by the special committee.

W. A. Ellers and P. D. White, of Wilmington township, were exempted from poll tax on account of physical disability.

A communication was read from Capt. Louis Belden, chairman of the Board of Tax Assessors, calling attention to a large amount of fertilizers and merchandise stored in the Wilmington Compress and S. A. L. warehouses and liable for taxation June 1st. The clerk was instructed to issue an official notice to the agents of these corporations to appear before the Equalization Board next Monday and answer such questions as may be put to them touching the ownership and value of the property alleged to be liable for taxation. The County Attorney was instructed to look after the legal points involved.

Capt. W. G. MacRae made report on his work of sounding in Northeast river for the proposed bridge between New Hanover and Pender counties at Castle Haynes. Commissioner Divine submitted blueprints of the proposed bridge as prepared by the Southern Engineering and Construction Company, of Burlington, N. C. The whole matter was referred to Commissioner Divine for further investigation of the plans and estimates. The report of Capt. MacRae as to his soundings for foundations seems to indicate that the Blossom ferry crossing is the most practicable location for the bridge.

The county attorneys reported net back tax collections of $141.84 during the month. Superintendent Hardee, of the County Home, reported 11 colored and 4 white patients during June; 21 colored convicts.

A. A. Nathan was granted license to retail liquors at Ocean View Hotel, at Wrightsville Beach.

A communication was read from Mr. J. B. Mercer asking the county to furnish the flooring for a bridge and to adopt the road through Mercer Place as a public highway. The matter was deferred and left to the chairman for conference with Mr. Mercer in regard to the subject.

Supt. Hocutt asked if the convicts at the stockade were to be allowed holiday on the fourth of July. He was instructed to give them the holiday. Commissioner Robertson jocularly moved that the holiday be granted, provided the superintendent make a speech to the convicts explaining to them why they were not required to work that day.

The Register of Deeds reported 39 marriage licenses during the month and exhibited Treasurer's receipts for revenue arising therefrom.

Bids for furnishing feed to county live stock were referred back for more definite information as to proposal of Stone & Co., in which quality of material was not specified.

The revised jury list as prepared by the Commissioners during the month was presented and the following jurors were drawn for the two weeks criminal term of court which will convene July 22nd, viz:

First Week—Archie MacRay, A. H. Holmes, Chas. A. Hewitt, R. B. Moore, J. E. Everitt, Jr., H. M. McMillan, W. M. McEachern, W. D. McMillan, Jr., Jno. A. Farrow, D. P. McLean, A. W. Hewitt, Jesse D. MONDAY WITH THE MAYOR

Several Recruits For County Roads and Farm—Negro Who Resisted Arrest Doubly Sentenced—And Led Officer Lively Chase.

There was an interesting session of the Mayor's Court yesterday at noon, there being quite a number of cases disposed of as is usual the first of the week. The most interesting case was that of Albert Hooper, a big, burly negro who was charged with disorderly conduct and resisting an officer. Officer I. F. Huggins tried to arrest him Saturday evening for disorderly conduct on North Fourth street when the negro abused him roundly and boasted that no policeman could arrest him. With the assistance of several persons who came up while the officer was endeavoring to capture the negro, he was placed under arrest after a lively struggle. Hooper is a man of large build and created quite a lot of excitement on the street. He was given 30 days in count roads in each case, but even this did not subdue him, and he still maintained and air of braggadocio and received the Mayor's sentence with a nod of sullen defiance.

Other cases disposed of were, Rachel Roberts, Walter McKoy and John Clark, colored, charged with being drunk and disorderly. The first named was sent to the county farm for 30 days, and the other two were fined $5 each and costs. Estella Davis, Annie Lewis and Betha Nelson, a trio of chocolate drops, were given 30-day sentences on the county farm for vagrancy.

Festus Allen, colored, was fined $5 and costs on a charge of being drunk and down.

A negro with the euphonious name "Red Wine" was arrested by Officer W. G. Brinkley Saturday night, charged with an assault with a deadly weapon upon Mr. Bonham, clerk in Haar's saloon on North Fourth street. The negro led Mr. Bonham and Officer H. W. Howell a lively chase Saturday afternoon as the latter was returning from the baseball game, finally losing himself in piles of lumber on the Cape Fear mill yard. "Red Wine" made a number of purchases of beer and liquir from Mr. Bonham Saturday afternoon and asked for a bottle of beer for immediate consumption. This he refused to pay for and Mr. Bonham followed him into the street demanding payment. The negro slashed at him twice with a knife; then ran and a crowd went after him in pursuit. He evaded arrest until night when he was picked up in "darktown" that night by Mounted Policeman W. G. Brinkley. The case was continued yesterday for further testimony.

County Board of Education.

The County Board of Education, Chairman Sprunt, Mr. George Rountree, Superintendent Catlett and Treasurer Green in attendance, met in regular monthly session yesterday afternoon at the Court House as is required by law. A recess was taken until Wednesday afternoon, when a number of important matters will be taken up.

BOARD OF ALDERMEN

Lengthy Session of Municipa Council Last Night at The City Hall.

THE COMMISSION PRESENT

Repair of Highways Will Be as Heretofore—Carnival Petition Withdrawn—License to Junk Dealer Refused—Other Proceedings.

The Board of Aldermen was in session three hours last night and transacted a large amount of business, much of it important, as will appear from the proceedings in detail given below.

The Board met shortly after 8 o'clock and was called to order by Mayor Springer. Only Messrs. Rathjen, O'Brien, Wood, Northrop, French, King and Jewell were present. There were also present Chairman Louis Belden and Messrs. Parsley and Heyer, of the Street Commission, who came to present the arrangement for having the repair work of the streets done out of current funds and under the direction of the Streets and wharves Committee, as heretofore arranged. The Commissioners were shown the courtessy of a hearing as soon as the minutes were read. Chairman Belden read a communication outlining the position of the Commission and made a few brief remarks, followed by Mr. Parsley and Mr. Heyer. City Attorney Bellamy was called upon and said that he saw no legal objection to the arrangement as has been previously outlined. Aldermen French submitted his views in accord with the opinion of the others. Chairman O'Brien, of the Streets and Wharves Committee, explained the difficulty of the contract system and said he thought that the work should be done by the Streets and wharves Committee and it should be given the money with which to carry out its plans. He referred to the necessity of curbing and regretted that this curbing could not be laid in connection with the repair work. He read a letter from Mr. H. Z. Clowe illustrating this point. He regretted that an appropriation of $12,000 could not be secured for this repair work until the Commission can get down to making permanent streets, which could not be undertaken to any extent until water and sewerage are laid.

Mr. Wood offered a motion that $7,000 be appropriated; Mr. French moved that $10,000 be appropriated and Mr. Northrop moved that $5,000 be appropriated for the repair of the streets. Mr. O'Brien seconded Mr. Wood's motion under the misapprehension that he said $12,000, later withdrawing the second when he learned that $7,000 was the amount. The Mayor stated that he understood the Board of Audit and Finance would allow $5,000 now and that later if the emergency demanded it, he had no idea but that more could be had. The City Attorney said that the duty of keeping its streets in repair was enjoined upon the city and the money would have to be had from somewhere at the proper time.

Alderman Northrop renewed his motion for an immediate appropriation of $5,000 for repairs and street material; seconded by Mr. French and carried, Mr. O'Brien alone voting in the negative. He wanted $12,000.

The usual loan of $40,000 to tide the city over the Summer season until tax gathering time was authorized. In this connection Mr. O'Brien stated he had been approached by several persons who stated that only one bank had benefitted by these loans, and deposits of the city, and while the Board, perhaps, had nothing to do with the negotiation of these loans, etc., the Mayor did, and he hoped His Honor would see that all the banking institutions would be given a chance at this business. The Mayor said he would look into the matter.

Chairman Rathjen, of the Market Committee, reported that Architect H. E. Bonitz was at work on plans and specifications for the new consolidated fire and market house at Fourth and Campbell streets, and that as soon as the plans are in bids will be called for and submitted to the two boards for approval.

Upon recommendation of Chairman Northrop, of the Lights Committee, an appropriation of $800 was made for the maintenance of five lights in the city and seven over the river, the Consolidated Company agreeing to make the installation free of charge including a cable across the river. Lights will be installed at foot of Harnett street, Surry and Queen streets and at other places.

Chairman O'Brien, of the Streets and Wharves Committee, reported numerous wash-outs in the city; there was need of cutting down weeds and grass, this work being under the heads of the Sanitary Department. The matter of the purchase of Belgian block from Mr. M. J. Corbett was referred to the Streets and Wharves Committee. Upon recommendation of the committee, Capt. W. F. Robertson was granted use of the road roller for 30 days at a fair rental, to be used at Rocky Mount, the Board taking the position that the machinery would be better kept in use than while idle.

Mr. O'Brien said now that the Streets and Wharves Committee had

THE SOUTH'S CARE FOR HER CONFEDERATE VETERANS.

The American Review of Reviews for July has been received, and besides its thorough excellence in every respect, Southerners generally and North Carolinians particularly will be specially interested in an article by Professor William H. Glasson, Chair of Economics in Trinity College, Durham, N. C. Professor Glasson writes of "The South's Care for Her Confederate Veterans." Aside from the great amount of information that he gives about the South's pension system and the measures taken for the aid of old soldiers, the article refers to the leading events of the great Confederate re-union in Richmond last May-June. It is illustrated with cuts of the monument to Jefferson Davis, unveiled at Richmond, June 3d, a company formation of Company A, of Nashville Veterans, who attended the reunion armed and equipped as during the war, portraits of Gen. Stephen D. Lee, General E. P. Alexander, and cuts of the monuments to Gen. J. E. B. Stuart (in Richmond), and of General John B. Gordon (in Atlanta).

The number of pensioners and the pension appropriations of the different States are given, besides other information that invests the subject with peculiar interest. The Soldiers' Homes established by a number of States receive attention, the statement being made that North Carolina maintains (at Raleigh) a home for Confederate soldiers. The number of inmates in the North Carolina Home in 1906 was 150, and for maintenance improvements the Legislature that year appropriated $20,000. North Carolina in 1906, had 14,400 Confederate pensioners on the roll, of whom 4,500 were widows. North Carolina's appropriation for soldiers' pensions in 1906 was $275,000, but in 1907 it was increased to $400,000. Prof. Glasson makes the subject one of profound interest, but we attempt to give only a mere hint of his article.

The Review of Reviews features Prof. Glasson's article and also others —"The Case of San Francisco," "A Summer of Delayed Harvests," "The Demand for Tariff Readjustment," "Rubber—its Place in the World's Trade," Etc. No feature of this great magazine, however, is more informing and interesting than Editor Shaw's "Progress of the World," in which that profound student and able editor discusses forty subjects which concern current events and topics which are today receiving the world's attention or demand solution.

The annual subscription price of the Review of Reviews is $3.00, and the price per copy is 25 cents. Address The Review of Reviews Co., 13 Astor Place, New York.

TOUCHING SPIRIT OF GRATITUDE.

This is said by the Richmond News Leader with reference to a well known and greatly beloved North Carolina editor:

"Editor J. A. Robinson—"Jim" Robinson—who is editor and also owner of the Durham, N. C., Daily Sun, recently suffered a desperate illness. The doctors despaired of his life, but he recovered on his nerve and grit. He is doing what most people who recover from illness or misfortune or escape great dangers forget to do. He is trying to express and prove his gratitude to the God whom he thanks and to whose special mercy he attributes renewed life and health. Therefore, he is using his newspaper and his personal efforts to secure $4,000 with which to provide a set of chimes for St. Philip's Episcopal Church at Durham, a beautiful structure recently completed. He is anxious while he lives to hear the thankfulness of one penitent and grateful sinner sing out from the tower the familiar airs of praise and prayer; and that long after after his death the mercy shown him shall be commemorated along with his humble love and reverence. The thought is a beautiful one. Mr. Robinson asks his fellow-newspaper men to help him and to say that all contributions sent to him at Durham will be thankfuly received and faithfully applied. His undertaking is endorsed cordially by the rector of the church and prominent citizens of Durham. Mr. Robinson is a Virginian, an Orange county man, and has undertaken the work of securing the chimes—which he himself cannot provide from his own means—with the zeal and energy which make the Durham Sun one of the brightest and most influential newspapers in North Carolina."

No one can read the above and not be touched by the spirit of gratitude that actuates Brother Robinson for his restoration to health. The Star rejoices with him upon his recovery, for a good man and a conscientious editor has been spared to North Carolina. He has been spared to a devoted wife who is known throughout North Carolina as a woman endowed with fine intellect and all the graces that make her the ideal partner in life for a man like "Jim" Robinson. We have always had the highest admiration for Brother Robinson, the manly, courageous, honest and conscientious editor that he is. That his heart is in the right place, his desire to furnish those chimes is eloquent evidence, and if any one in Wilmington wishes to help him pay that debt of gratitude to God, The Star will receive and forward to him any contribution sent for the purpose.

TAXES THE PEOPLE PAY.

As a matter of course, after struggling for a long period with a big treasury deficit, the Republicans will boast that the end of the government's fiscal year closed June 30, shows a treasury surplus of substantially $87,000,000. It was mentioned in the Washington dispatches that the 1907 surplus is "one of the largest net balances ever shown," and that "in the fiscal year 1902, there was a surplus of $91,287,375, but that was the largest since 1890."

The income of the Government for the year just ended was $665,306,134, of which the receipts from customs (tariff) was $333,230,126, from internal revenue $270,309,388, and from miscellaneous sources $61,766,619. This shows that the revenue from the tariff does not sustain the government, but that practically half of it comes from the home tax. All of it, however, comes out of the pockets of the people, because they indirectly pay the tariff taxes, and the many millions more which manufacturers lay on them in the price of products that get the benefit of the tariff. It would be astounding just what taxes the people do pay in the round-about way of our fiscal system.

CURRENT COMMENT.

—They are making fun of Secretary Taft for a recent reference to the "Saint James" version of the English Bible. Shake, Mr. Secretary! The Observer made the same break a few months ago.—Charlotte Observer.

—"Roosevelt is far and away the most popular man in this country," says John W. Gates. Certainly the farther away the more popular he is with Mr. Harriman.—Washington Herald.

—John Temple Graves, writing in the Atlanta Georgian, says: "The Conviction deepens that William J. Bryan is the tallest moral figure that American statesmanship has produced since George Washington." We have a deepening suspicion that Mr. Graves has reasons for believing it to be high time for him to crawl back into the band-wagon.—Chicago Record-Herald.

—North Carolina has naturally a fine chance to make money raising sheep. Last week two farmers brought in two wagon loads and sold them for good prices. It beats cotton and tobacco. But——the dogs! The Sampson Democrat says that Mr. W. I. Lee, of that county, lost all of his flock of thirty-five except eight, by dogs. As long as we think more of worthless dogs than of sheep the sheep industry cannot flourish in North Carolina.—Raleigh News and Observer.

TWINKLINGS.

—The Way It Is Nnow.—"Well, have you made enough money to retire on?" "Better yet—I've made enough to stay up all night on."—Cleveland Leader.

—"Why is it that women are such poor arithmeticians? My wife can't add a column of figures to save her life." "Neither can mine. But she's a wonder at subtraction—when it comes to money."

—Wanted to Be the Last.—"What! You going to propose to Miss Heartburn! Why, you're the last man in the world she'll engage herself to." "I hope so, dear old chappie."—Spokesman Review.

—Not a mere Company.—"May we have the pleasure of your company this evening, Colonel?" she asked. The Colonel drew himself up haughtily and replied, with every evidence of offended dignity: "Madam, I command a regiment."—Kansas City Independent.

—A gentleman was introduced at a reception to a charming lady, who, his friend said, was a countess. The next day the two were passing through some city offices, when the young lady in question was discovered with a pile of bills in front of her. "I thought you said she was a countess?" remarked the gentleman. "I did, and she is considered one of the quickest countesses in the department."

INSIST!!!

When you step up to a fountain or into a place where bottled drinks are sold tell the man you want Coca-Cola. Close your ears to the "just as good" argument because there is nothing just as good as Coca-Cola. INSIST. You have asked for Coca-Cola because you are convinced that

Coca-Cola
TRADE MARK REGISTERED

is what you want—don't let a smooth-tongued salesman rule your judgement. If the man insists go to a place where they give their customers what they ask for. Imitations are made to deceive you, not to please you.

THE REASON—Coca-Cola not only quenches thirst and pleases the palate but it relieves fatigue, and is the only beverage that has vim and go to it.

ORDINATION OF MR. GORDON

Impressive Service Sunday Morning at St. James' Episcopal Church.

The ordination of Mr. William J. Gordon to the diaconite by Bishop Strange at St. James' Church Sunday morning was a beautiful and impressive one indeed and attracted a large number of friends of the young minister to the service. Mr. Gordon was born in Wilmington and lived here until he was 16 years old. He then spent one year at a prep school at the University and later graduated from the institution in 1899. While there he was a member of the S. A. E. fraternity, Alpha Theta Phi (now Phi Beta Kappa, society for high scholarship), the order of Golden Fleece as well as taking a prominent part in other departments of University life. He was assistant in the French department in his senior and post-graduate year, receiving the A. B. degree in 1903 and M. A. in 1904. The next two years Mr. Gordon spent in the theological department of the University of the South at Sewanee, standing high in his classes and playing two years on the University baseball team. The last year of his theological work was taken in the Episcopal school of theology at Cambridge, Mass., receiving the B. D. degree in June. Rev. Mr. Gordon will live in Williamston and have charge of the Episcopal churches there and at Plymouth and Hamilton. His mother and sister will live with him there. He leaves Friday and will take up the parish duties on Sunday, July 7th.

—The case against six white men from Greenville Sound, charged with hurling a missile into a suburban car of the Consolidated Company at Bradley's Creek trestle last Sunday, was quashed in Justice Furlong's court yesterday. The explanation of the men that they were throwing shells at a telegraph pole and did not see the car approaching seemed to be the plausible story of the affair and the defendants paid the costs and were dismissed.

BOARD OF ALDERMEN

(Continued from first page.)

been re-invested with the repair of the streets, he moved that the Superintendent of Streets be restored to his former position and his salary be increased from $900 to $1,000; also that the foreman, Mr. Merritt, be continued at $2 per day. The motion was carried, Mr. Wood alone voting no, taking the position that the work was reduced and could be very well taken care of by a foreman.

Mr. O'Brien read a letter from Postmaster Wallace in regard to the improvement of sidewalks and streets as a prerequisite to the extension of the free mail delivery service in the city. A vote of thanks was unanimously extended Postmaster Wallace for his tireless energy and interest in the matter.

Various other matter previously referred to the Streets and Wharves Committee were continued with that department. The track privileges asked by the Cooperage and Veneer Works in the southern part of the city were granted upon recommendation of the committee.

Petition of property owners on St. James' Square for macadam improvements was referred to the Street Commission.

As the petition of the Red Men for permission to hold a carnival here during the Firemen's Tournament was about to be reported adversely by the Streets and Wharves Committee, Mr. W. L. Burkheimer came forward and withdrew the petition. Louis Goodman, attorney, and President L. B. Rogers, of the Merchants' Association, were present to vigorously oppose the petition, but it was not necessary for either of them to speak.

Chairman W. A. French, of the Police Committee, reported the dismissal of Officer W. M. Harriss and the resignation of Officer J. J. Moore to engage in other business. Mr. Moore's resignation was accepted with regret and several members testified to the high efficiency of Officer Moore. The committee recommended the election of Messrs. Frank George and D. W. Willis. Alderman O'Brien asked if Mr. S. J. Bryant was not a sub. on the force ahead of Mr. Willis and if Mr. Willis was not an outsider altogether. This brought on a long discussion as to who was next in line for promotion as a substitute. This resulted in the substitution of the name of Mr. J. C. Lewis for that of Mr. Willis, and Mr. Lewis and Mr. George were elected as regulars on the force, the discussion ending there.

Chairman Wood had no report from the Water Works Committee.

Mr. John J. Sheehan made a statement as to the arrangement for feeding the city prisoners. He offered a flat rate of 15 cents per meal, which was accepted by the Board. Nearly half an hour was taken up with this discussion, which might have been disposed of in committee in five minutes.

Chairman French, of the Fire Committee, reported the award of contract for the new combination chemical and hose wagon, scaling ladders and belts. All bids for the building of the central fire station were rejected as excessive and Mr. French recommended that the work be sub-let by contract, if necessary. The recommendation was accepted and the committee was authorized to proceed with this work unless in the meantime a satisfactory bid is received.

The Board granted permission for the use of Fifth street, between Brunswick and Nixon, as a race track for the firemen's tournament in August. Permission was also granted for the erection of a grandstand along this street.

Contract for repairs to engine station at Fourth and Princess streets was awarded to T. G. Landen for $110. Chas. Borkenhagen for work at chemical station was awarded the contract.

An appropriation of $110 was made for the city's pro rata share of the cost of fixing and maintaining the Court House lawn as a playground for children.

Petition was read from J. R. Williams, J. V. Grainger, Geo. O. Gaylord and others asking for a light in the alley back of the express office on Chestnut street. Referred to Light Committee. Petition for repairs to sewer on Sixth street near Dawson street, was referred to the Sanitary Committee. A communication was read from the Board of Health recommending that no hogs be allowed in the city limits after December 1st. Referred to Ordinance Committee. A proposition from a landscape gardner in Ohio to beautify the "public park," was placed on file. Communication was read from Oakdale Cemetery Company, asking for repair of Wood street. It was referred to the Streets and Wharves Committee.

An application from M. May to do a junk business on South Front street was read and provoked a long discussion. Several members of the Board asked if they were not now under indictment in the Superior Court. Mr. Louis Goodman, attorney for Mr. May, admitted that his client was under indictment in the courts, but said that Mr. May was presumed to be innocent until he was proved guilty. Chief Williams was asked for a statement generally of the junk business and denounced the whole traffic as encouraging petty thefts. There was much discussion of the subject on the Board, Alderman Wood leading the fight against the granting the license. Messrs. O'Brien and Rathjen were the only members who voted for the license.

Application was read from L. Leon & Co., on Chestnut street for license to do a junk business. There was much feeling in the matter, but Mr. Leon was granted his license in a vote of 5 to 2. Mr. Leon is a most estimable citizen and conducts his business above suspicion.

Various and sundry communications from the Board of Audit and Finance were read and duly noted.

The usual monthly reports were read and filed. That of the Superintendent of Health shows 52 deaths, 23 whites and 29 colored; 29 births, 11 white and 18 colored. Health Officers made 4,430 inspections, did 11 fumigations, issued 735 lime and acid orders and quarantined one case each of scarlet fever, smallpox and diphtheria.

The Chief of Police reported 133 arrests during the month, 42 whites and 91 colored, 17 of whom wen to the roads for 510 days, 14 to the farm, for 420 days, and 11 to Superior Court under bonds of $575. Of fines and costs, $136.45 went to the city and $261.50 to the county treasury. The City Clerk and Treasurer reported balance on hand June 1st, $18,887.74; collectiong during the month, $7,732.08. Total, $26,619.82. The disbursements were $14,367.05, leaving a balance of $12,255.17 to the July account. The chief of the fire departmeent reported five alarms during the month with property loss of $350.

Alderman O'Brien urged acceptance of the park proposition submitted by Messrs. George R. French and Son. The park committee was instructed to press the matter before the Board of Audit and Finance and the street commission. The Board adjourned a little while after 11 o'clock.

WHY IS SUGAR SWEET?

If sugar did not dissolve in the mouth you could not taste the sweet? GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. Price 50 cents.

EASILY DECIDED.

This Question Should be Answered Easily by Wilmington People.

Which is wiser—to have confidence in the opinions of your fellow-citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

H Cronenberg, photographer, of 119 1-2 Market street, Wilmington, N. C. says: "I used Doan's Ointment and it did its work promptly and permanently. I had a rash all over me, and no one knows how I suffered. It was like being in the infernal region and I could get no relief. I did not dare scratch because that made it worse. I tried everything but only to be disappointed. Some one told me about Doan's Ointment and I procured a box at R. R. Bellamy's drug store. I went home and applied some of the ointment, and I can say that it brought the first relief I had had for a long time. I can only add that it is a preparation of great merit."

Justice Bornemann's Court.

Justice Bornemann disposed of eight cases yesterday, the most important of which emanated from a row between Jas. Brown and Andrew Brown on Wooster street Saturday night, in which the game of "tit-for-tat" was played to a finish. The first warrant was sworn out by Jas. Brown charging Andrew Brown with assault with a deadly weapon, with "black-jack," and also with a pistol. He was convicted of simple assault and disorderly conduct and was taxed with the costs. Then Andrew Brown swore out a warrant charging his prosecutor with assault and battery and disorderly conduct. He was also found guilty and taxed with the costs, the fracas being so trifling that the justice thought any greater punishment would be excessive. Walter Wheeler was charged with assault with a deadly weapon by Thos. Waddell, driver for Dr. Bellamy, and was found guilty of simple assault and fined $5 and costs, and on another charge, that of disorderly conduct, was taxed with the costs. Dick Plakagin, a Greek, who runs a restaurant on Water street, was charged by J. F. McCartney with an assault by hitting him with a piece of crockery. The evidence showed that McCartney was disorderly, and that the assault was provoked, so the case was dismissed.

EAGLES TO NORFOLK.

Wilmington Aerie Will Send Large Delegation to General Meeting.

An enthusiastic meeting of Carolina Aerie, Fraternal Order of Eagles, in this city, was held this week at which Past Worthy President John J. Furlong was elected representative and Past Worthy President W. R. Kingsbury alternate, to the annual assembly of the Grand Aerie, which will be held at the Jamestown Exposition the first week in September. In addition to the regular representatives Carolina Aerie will also send a large delegation, consisting of from 50 to 75 members, to participate in the big events of Eagles' Week at the Exposition. Plans are already being laid for the trip and the party expects to travel in special Pullman cars engaged for the occasion. At the meeting this week committees were named on transportation, hotels, etc., and the Wilmington "birds" will have a fine representation in this great gathering.

Postoffice Receipts Large.

For the fiscal postal year ended with July 1st, it is shown that the local postoffice receipts have been $92,631.41 against $83,134.80 or an increase of 11.4 per cent. The ratio for the increase of the last quarter was even greater 13.4 per cent. Compared with the fiscal year ended same date ten years ago the increase is 168 per cent. During the past year at the Wilmington postoffice $862.88 was paid for the delivery of special letters; $14,160.01 to clerks exclusive of postmaster's salary; $15,434.00 to railway mail clerks and for carrier service, $11,671.35. These figures show really what a big institution the postoffice is anyway.

Recital Last Evening.

The recital last evening in the lecture room of the First Baptist Church by Miss Elizabeth D. Burtt and Professor Hagedorn, of Raleigh, was much enjoyed by a large and cultured audience. The violin solo by Mr. Hagedorn was especially fine and was pronounced excellent by all musical critics. Miss Burtt well sustained her great record as a musician of the best talent and highest proficiency.

The one thousand Wilmington Pythians are nothing if not enthusiastic Just now the four lodges have on foot two most important movements. Car Ran Off the Track.

Either because the brakes would not work or for other cause one of the city cars jumped the track at the steep incline at Front and Red Cross Sunday night about 9 o'clock. The passengers were shaken up badly and frightened. Mr. W. H. Hancammon, who was seated on the front and had an infant in her arms, was thrown violently forward and was slightly bruised about the shoulders but the child miraculously escaped.

SPIRITS TURPENTINE

Maxton Scottish Chief: Wagons loaded with a sawmill passed through Maxton Tuesday. It was being hauled, by W. J. McDiarmid & Co., from Rennert to Hasty, to take the place of the one burned there last week.

—The Secretary of State has chared the North State Liquor Company, of Salisbury, to manufacture, rectify, wholesale and retail whiskey. The authorized capital stock is $200,000, with $10,000 subscribed. The incorporators are numerous.

—Newbern Journal: Captain Tom C. Daniels received a new boat yesterday for the use of the officers of the Naval Brigade. It is 30 feet in length, propelled by steam and will admirably serve the purposes of the brigade when in camp.

—Bakersville, June 30: J. C. Randolph killed Anderson Burleson at Glen Ayre Thursday afternoon. Mr. Randolph was tax-lister and Mr. Burleson accused him of listing his property too high. Burleson slapped Randolph a time or two with open hand and then struck him on the side of the head with his fist. Mr. Randolph drew a pocket knife and cut Burleson three or four times, killing him instantly. Randolph went to his home, put on other clothes and started to Bakersville to give up to the authorities, when he was met by some of Burleson's brothers, who beat him badly, but a young man or two who happended to be at hand, put a stop to that part of the business. Both of these men stood high in the community, Mr. Randolph having been treasurer of the county and Mr. Burleson a county commissioner. Mr. Randolph is in jail. He deplores the affair very much. Both men have large and excellent families. Burleson was a brother of State Senator Burleson.

—Winston-Salem, June 29: The tax listers of Winston have made the startling discovery that the last Legislature changed the machinery act so as to make stock in foreign corporations solvent credits, thereby relieving the person owning such stock of any taxes on the same as he can balance this against the same amount of indebtedness. Winston-Salem will be affected greatly by this change in the law, as several large foreign corporations are doing business here. In the opinion of some this town will suffer more than any other town in the State from the loss of taxes on stock in the corporations. This law was sneaked into the machinery act unknown to many of the legislators—possibly not more than a third of them knew of the change. It is reasoned that it could very easily have been slipped in since the machinery act is not read in its entirety. It is rumored that a prominent local attorney had the new law inserted into the machinery act.

—Wilson, June 29: Constable J. D. Mercer, of Black Creek, while out hunting for the fiend who outraged Mrs. Sapphire Scott near Aycock's church in Black Creek township on Thursday captured Will Smith, a negro, lurking in a swamp. He was brought to the Wilson jail and locked up as a suspicious character. He said he had been working for Royall & Borden in Goldsboro. This morning Deputy Sheriff John Tolar, of Wayne came over to Wilson and recognized the rascal. He is wanted for the murder of Sarah Cooper, colored an 80-year-old United States pensioner—that occurred in Wayne county last January There is a negro now in the penitentiary serving a thirty-year sentence as being accessary to this crime. Deputy Tolar says proof will be forthcoming that will convict Smith as the real murderer. There are two other negroes wanted for the same murder—Grant Sutton and a woman named Flossie Cobb. The negro Smith had been in the custody of the Wayne authorities at the time of the murder but when they were off their guard he made a break for liberty, and though dilligent search was made for him he was not apprehended until captured last Thursday by our alert constable of Black Creek. The aged pensioner had just had her voucher cashed; the avoricious eyes of these negroes were on her and when she was alone in her cabin they rushed in and choked her to death, broke open her trunk and took her tiltle hoard. Sheriff Sharp turned over the prisoner to Deputy Tolar who left with him for Goldsboro this afternoon.

A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. Bellamy, Druggist, 25c.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 1.—The cotton market was rather nervous today and fluctuations were irregular. The close was steady, net unchanged to 2 points lower, the market having lost an early gain during the late trading. Sales were estimated at 300,000 bales. The opening was firm at an advance of 7 to 11 points and shortly afterward the active months shoed a net gain of about 11 to 12 points on higher cables than expected, reports of high temperatures in the southwest and bullish private condition reports. A Southern organization reported the average condition of the crop as 72.8 per cent, no comparison being available except with government figures of 70.5 per cent last month. A local statistician reported a condition of 69.9 per cent against 68.4 two weeks ago and 63.4 last year and a canvass of the trade showed that eighty members of the exchange expected a showing by the government's bureau tomorrow of 75.9 per cent on the average with individual guesses ranging from 73 to 81 per cent. There was considerable realizing at the advance, under which prices gradually eased off 5 or 6 points from the top with trading very quiet until near the close when there was increased activity and the market ruled easier under realizing or liquidation by recent buyers who seemed unwilling to carry their commitments over tomorrow's report. The close was a point or two up from the lowest on active months. Private cables reported shorts covering in Liverpool on the hot weather in the southwest and detailed weather reports showing many points in Texas with maximum temperatures of from 100 to 116 degrees.

Receipts at the ports today were 1,893 bales against 4,788 last week and 4,183 last year. For the eek 20,000 against 23,533 last week and 28,599 bales last year. Today's receipts at New Orleans 108 bales against 295 last year and at Houston 777 bales against 1,214 last year.

Spot cotton closed steady; middling uplands 13.25; middling gulf 13.50; sales 20,300 bales. Futures opened firm and closed steady.

HAYWOOD TRIAL NEARING CLOSE

Only Few More Witnesses in Case Involving Murder of Steunenberg.

MINERS HOUNDED DOWN

Detectives Playing Off Miners Sat in Their Conventions—All Proceedings Reported by Pinkerton Men for Mine Owners.

(By Wire to the Morning Star.)

Boise, Idaho, July 1.—Morris Friedman, a Russian stenographer, who left the employment of the Pinkerton Agency at Denver to write a book in which he published certain correspondence of the agency that passed through his hands, was again today the principal figure at the trial of Wm. D. Haywood for the murder of former Governor Steunenburg. More than half of the court's day was occupied in reading to the jury copies of the documents which Friedman took from the Pinkerton records. They were chiefly the daily reports of secret agents operating as spies among the unions at Cripple Creek, Victor, Globeville, Colorado City, Trinidad and Denver, and showed a complete surveillance of the Western Federation of Miners and the United Mine Workers of America during the labor troubles in Colorado in 1903-04. Pinkerton men sat in the Federation convention at Denver in 1904, reporting all proceedings.

None of the reports that were produced by Friedman and read to the jury by Clarence Darrow, contained other than general references to the collateral issues of the trial, but they offered in substantiation of the counter charge of the defense that the Pinkerton Agency conspired for the destruction of the Western Federation of Miners and the lives of its leaders.

The prosecution offered no opposition to any feature of Friedman's testimony and no objection to the introduction of any of the documents which the defense obtained through him.

When Friendman was handed over for cross-examination the State endeavored to ascertain whether Friedman had any more reports or letters bearing on the general issue. It attacked Friedman on the ground that he had played the Pinkertons false, had violated his pledge to them and had stolen the documents which he produced; but the witness would admit that he had stolen the papers and would not allow Senator Borah to call him a "Pinkerton." He insisted that it was not stealing to take information that had been obtained by the fraud and deceit of secret service men and declared that the public service performed informing the people of the methods of the agency fully justified anything that he had done.

Friendman said that if he had known this trial was coming up, he woud have taken many more letters and reports. Senator Borah pressed him to tell just what records there were in the Pinkerton office at Denver bearing directly on this case, and while the witness said he could not tell him of any particular one, he remembered many letters written by Detective McParland in which all manner of crimes were laid at the door of the Western Federation of Miners.

Another interesting witness was James I. Wallace, an attorney of Cripple Creek, who served with the militia, first as a private and then as a lieutenant, during the strike of 1903-1904. He related several instances tending to show the misuse of the power of the militia by the mine owners; gave the criminal records of some of the gun fighters imported by the mine owners; told of the workings of the card system; recited the circumstances connected with the looting of union stores and a newspaper office, and swore that he saw K. C. Sterling, chief detective for the mine owners fire the first shot in the Victor riot the day of the Independence station explosion.

M. E. White, an organizer for the Western Federation, was the last witness and brought trial participators back to good humor with the drollest kind of a tale of his arrest by the militia with all the pomp and ceremony of war times, the activities of the vermin in the bull pen and his happy release by a brother Woodman of the World, who commanded the militia.

Counsel for the defense today said that they might succeed in finishing with all of their witnesses except Haywood and Moyer by the end of the week. Their plan is to reserve those two principals for the last. The defense has prepared its draft of instructions and the State is working up its rebuttal case, so that the end of the trial approaches.

Long Live The King.

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by R. R. Bellamy, Druggist. 50c and $1.00. Trial bottle free.

It has been demonstrated that the Keeley Treatment positively and permanently cures the drink and drug addictions. Also neurastenia or nerve exhaustion and the tobacco habit. The management can refer you to cured men and women who have standing that will bear investigation. We fr su

PASSENGER FARE AT HLD RATES

Coast Line and Other Roads Selling Tickets With Rebate Coupons.

INJUNCTION AT ASHEVILLE

Rebate Coupons Will Entitle Purchasers of Tickets to Refund if Supreme Court Sustains Reduced Passenger Fare Acts.

(By Wire to the Morning Star.)

Norfolk, Va., July 1.—Today none of the railroad ticket offices in Norfolk were selling two cent a mile passenger tickets in compliance with the order of the State Corporation Commission enforcing the two cent passenger rate on and after July 1. The Norfolk and Western, Atlantic Coast Line the Southern and the C. & O Railways, began this morning, however, selling tickets with a receipt rebate thereon. The purchasers of tickets will hold these rebate receipts and in the event the appeal made by the railroads from the ruling of the Virginia Corporation Commission fails and the two cent law is declared to be constitutional, the holders will upon presentation receive refunds for the face value of their receipts.

The Seaboard Air Line and the New York, Philadelphia and Norfolk Railroad has given no instructions on the question; and their Norfolk ticket agents were selling at the old rate today without the giving of rebate receipts.

At most of the ticket offices reference was made to the fact that Judge Pritchard, who, at Asheville, Saturday, continued the temporary injunction against the enforcement of the reduced rates ordered by the North Carolina Corporation Commission until the taking of evidence is completed and the case can be determined upon its merits, is today at Asheville hearing the Virginia case and the railroads are awaiting the decision of the court on the Virginia appeals.

The Virginia Case.

Asheville, N. C., July 1.—The case of the Southern and other railroads, operating in Virginia against the Corporation Commission of that State, came up for hearing before Judge Pritchard in the United States Circuit Court this morning.

As in the case of the Southern in North Carolina, that road and five others seek to enjoin the Virginia Commission from enforcing the two cent rate law, recently passed by the legislature of Virginia. The morning session was taken up with arguments on the question of jurisdiction, Attorney General Anderson, of Virginia, holding that the court was without jurisdiction. When court resumed this afternoon an order issued which provides in effect that the question of jurisdiction only should be argued and if the court shall hold that it has jurisdiction it need not go into the question on its merits, but may grant the preliminary injunction and refer the cause to a master. There are distinct provisions to the effect that the Commission shall not be prejudiced by the agreement or held to waive any rights save that the granting of an injunction with further affidavits shall not be treated as error by the court.

RAILROAD TELEGRAPHERS.

Corporation Commission Refuses to Exempt Them from 8Hour Service.

(Special Star Telegram.)

Raleigh, N. C., July 1.—A ruling was made this afternoon by the North Carolina Corporation Commission on the petitions of the Seaboard Air Line, the Southern Railway and the Atlantic Coast Line, asking that operation of the act of the last Legislature limiting railway telegraph operators to eight hours work a day until the national law is effective in March. The petitions included all stations on all the lines. The Commission refuses to exempt many important stations, among them:

Atlantic Coast Line—Rocky Mount, South Rocky Mount, Wilson, Dunn, Selma, Parkton, Pembroke, Hobgood, Tarboro, Parmele, South Tunis, Chadbourn, Wilmington, Warsaw, Goldsboro, Maxton, Contentnea.

Seaboard Air Line—Nordna, Weldon, Henderson, Franklinton, Wake Forest, Raleigh, Cary, Apex, Sanford, Aberdeen, Hamlet, Monroe, Charlotte, Wilmington.

Southern Railway—Not exempted, Greensboro.

UNFAIR RATE FOR THE SOUTH

New England Further Away Gets Lower Freight Rate Than Georgia Mills.

CURIOUS RULING UPHELD

Interstate Commission Declares That 85 Cent Rate for New England and $1.25 Rate From South is All Right.

(By Wire to the Morning Star.)

Washington, July 1—The Inter-State Commerce Commission today, in an opinion by Commissioner Prouty, announced its decision in the case of the China and Japan Trading Company and others against the Georgia Railroad and other lines forming through routes to the Pacific Coast, holding that the complaint of discrimination against Southern Cotton mills in favor of New England mills is not sustained.

It appeared that the carriers' rates on cotton piece goods from New England mills through Pacific coast points to the Orient is $11.25 for forty cubic feet of measured space, equivalent to about 85 cents per hundred pounds; through rates on the same article from Southern mills over the same route is $1.25 per hundred pounds.

The Commission states that the evidence of the complaints strongly tended to show that an illegal agreement to advance rates on cotton piece goods was entered by the trans-continental lines and that the advanced rates were in force in consequence of that agreement; but it does not pass upon that question, because if it were answered in favor of the complaint the Commission would be still of the opinion that this would afford no ground for either reducing the rate from Southern mills or awarding reparation.

The mere fact that the advance was the product of an unlawful character, says the commission, will not justify it in setting aside such rate if the Commission is of the opinion that the rate is not unreasonably higher.

CITRIC ACID.

The Way the Secret of Its Manufacture Was Stolen.

The proprietor of an old chemist's shop, close by Temple Bar, in days gone by enjoyed the monopoly of making citric acid. More favorably circumstanced than other secret manufacturers, his was a process that required no assistance. He employed no workmen. Experts came to sample and assort and bottle his products, but they never entered the laboratory. The mystic operations by which he grew rich were confined to himself. One day, having locked the doors and drawn the window blinds as usual, sure of the safety of his secret, the chemist went home to his dinner. A chimney sweep, or a boy disguised as such, wide awake in chemistry, was on the watch and followed the secret keeper to Charing Cross, and, sure that he would not return that day, the sooty philosopher hied rapidly back to Temple Bar, ascended the low building, dropped down the flue, saw all he wanted to and returned, carrying with him the mystery of making citric acid. The monopoly of the inventor was gone a few months after, and the price was reduced by four-fifths. The poor man was heartbroken and died shortly afterward, ignorant of the trick by which he had been victimized.—London Spare Moments.

THE LOG JAM.

Quick and Sure Must Be the Workers When It Goes Out.

Log jams are not an abnormal part of the riverman's work, as most people suppose, but a regular incident of the day's business. In the breaking of them the jam crew must be quick and sure. I know of no finer sight than the going out of a tall jam. The men pry, heave and tug sometimes for hours. Then all at once the apparently solid surface begins to creak and settle. The men zigzag rapidly to shore. A crash and spout of waters mark where the first tier is already toppling into the current. The front melts like sugar. A vast, formidable movement agitates the brown tangle as far as you can see, and then with another sudden and mighty crash the whole river bursts into a torrent of motion.

If everything has gone well, the men are all safe ashore, leaning on their peavies, but ready at any instant to hasten out for the purpose of discouraging by quick, hard work and tendency to plug on the part of the moving timbers. I have seen men out of bravado jump from the breast of a jam just as it was breaking down to a floating log ahead, thus to be carried in the sweep and rush far down the river. A single slip meant death.—Stewart Edward White in Outing Magazine.

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires; neatness, clear eyes, clean, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at R. R. This is a Safe Clothing Store

First, because every garment is made of the choicest fabrics in their respective grade.

Next, because prices are always safely lowest.

Last, and most satisfactory, because you can return the goods and get the money back, whether it's the fit, fabric, the color or anything else that induces you to change your mind.

And wonderfully few pieces of clothing come back to us. Perhaps it's because the clothes are so good, the styles so excellent, the fit so carefully formed, and the prices so pleasantly little.

Try Our $15, 18 or 20 Suits

By them you may judge this store. We never before sold such good clothing at those prices, nor have we ever shown such great variety. Choice of checks, plaids and stripes, in cassimeres, cheviots, valours and worsteds, besides blues and black. Yes, we guarantee every garmen just as good in all respects as though you had it made especially to your order, as good as though you paid half as much again. The clothing of no other store comes so near to custom work.
